

Eliminating Viruses, Parasites and Worms with Flower, Gem and Tree Essences

How Do You Get Viruses, Parasites and Worms?

Viruses, parasites, worms, invaders, cannot live in a high vibration. When your immune system is strong, it vibrates at a high vibration and eliminates these invaders when you are exposed to them. But when your organs and systems are vibrating at a low vibration, your immune system is weak, and when you come in contact with any of these invaders they stay in your body creating many different illnesses.

You can get viruses, worms and parasites in many ways including kissing or any type of sexual activity; drinking from another person's glass; playing another person's musical instrument; all types of water, including bottled water; meats and fish; vegetables and fruits; shaking someone's hand; unclean toilet facilities; all animals; all house pets (including birds); foreign travel; importing food from countries where worms and parasites are common: walking barefoot in polluted areas; and swimming in polluted lakes, rivers.

How to Eliminate Parasites, Worms and Viruses with Choming Essences and Tinctures

Choming Essences and Tinctures heal with vibration. A Choming Essence is the energetic vibration of a gem, crystal, flower or tree. When you take 4 drops, 4 times a day on a continuous basis, the Choming Essence increases the vibrations in your physical organs and systems. Choming Essences will increase the vibration of the organs and systems. Since worms and parasites cannot live in a higher vibration they are slowly eliminated as an individual's vibrations are raised.

Viruses, parasites and worms reproduce within you by dropping reproductive cells called spores. Choming Essences eliminate these spores so that eventually an individual is cleared of all viruses, worms and parasites.

Choming Tinctures are made energetically from fresh and organic herbs and trees and are an integral part of a Choming Detoxification Program. They work synergistically with Choming Essences to eliminate, cleanse and stimulate healing.

Each bottle of Choming Essences and Tinctures is made by hand individually to ensure the strength of the vibration is the correct strength of vibration for you. You receive new Choming Essences and Tinctures every 5-6 weeks, continuing the process of

raising vibrations and eliminating the parasites and spores. The average person is usually encouraged at their increase in energy, even after 8 - 12 weeks on a Choming Essence Program.

How to Begin an Elimination Program with Choming Essences and Tinctures

The first step is to have a Vibrational Assessment. There is a detailed article about the Vibrational Assessment on Mary's website at www.mkprojects.com under Free Articles. This Assessment identifies if you have the vibrations of parasites, worms, viruses, chemical and metal toxins, food sensitivities, candida and other fungus and mould, readings of major organs and systems, vibrations of vitamin and mineral deficiencies, key emotional issues, and negative energies affecting you.

It also gives you recommendations for the first 6 weeks of an Elimination and Cleansing Program with Choming Essences and Tinctures.

Viruses, Parasites and Worms - A Leading Undiagnosed Health Problem

One of the major health issues affecting people around the world today is infections caused by viruses, parasites and worms. Ann Louise Gittleman in her book titled "Guess What Came to Dinner" states that parasitic infections are the most commonly misdiagnosed form of illness today. Hanna Kroeger in her book titled "Parasites the Enemy Within" provides a good description of the various types of parasites and the symptoms for each type.

We accept that our pets have worms and parasites and that they need to be "de-wormed". When you consider how many people are exposed to pets on a daily basis, and how many people travel to third world countries which have serious worm and parasite infestations, it's difficult to understand why we have such difficulty accepting that North Americans and Europeans also have worms and parasites?

Symptoms of Parasites, Worms and Viruses

There are many symptoms you can experience as a result of viruses, worms and parasites. The following is not a complete list but identifies many of symptoms you can experience.

chronic fatigue	depression
easily fatigued	irritability
lethargy	irrational anger
physical exhaustion	restlessness

repeated awakening during sleep	always hungry
teeth grinding while sleeping	craving sugar
insomnia	craving starchy carbohydrate foods
aching joints	food sensitivities
swollen joints	fevers
diarrhea	itching rectum
constipation	pot belly
weight gain	spaced out
weight loss	fuzzy thinking
bloating	poor memory
stomach gas	inability to concentrate
Water retention	lack of focus
cysts	anemia
dark circles under eyes	bulging eyes

It's important to note that all of the above symptoms can be the result of other conditions as well as viruses, worms and parasites. A Vibrational Assessment by Mary Kurus can easily identify if you have the vibrations of viruses, worms or parasites. Read more about this at www.mkprojects.com.

Modern Illnesses Caused by Viruses, Worms and Parasites

Viruses, parasites and worms are one of the basic causes of many of the modern illnesses affecting so many today. Hanna Kroeger in her book called "Parasites: The Enemy Within" identifies the following illnesses: Asthma; Arthritis; Cancer; Chronic Fatigue; Colitis; Diabetes; Hodgkin's Disease; Leukemia; Lymphoma; Multiple Sclerosis; Ovarian cysts; Pneumonia; Lymes Disease; Wyles Disease; mineral imbalances; thyroid imbalances; high and low blood sugar; jaundice; and blood clots.

Why Conventional Testing Methods Are Unreliable

Conventional methods of diagnosing of parasites, worms and viruses are unreliable. The problem is the technology being used. Worms, parasites and viruses take the rhythm of your body and avoid detection and current testing modalities cannot identify them. I have read that the only way to get even a 50% rate of detection of existing worms and parasites is to have a laboratory that specializes in testing for these, take blood, mucous, and fecal tests every 2-4 hours for 72 straight hours.

I conduct Vibrational Assessments to read the vibrations of worms and many other things. I work in another dimension, and can easily read the energetic vibrations of

worms within individuals. Each human being has an energy signature, similar to a fingerprint. Therefore, it's quite easy to identify parasite, worm and virus infestations through an energetic reading, a Vibrational Assessment. As an intuitive and distance dowser, I can read the energy signature of anyone anywhere in the world.

Why Antibiotics Don't Work - How Worms and Parasites Reproduce

Parasites, worms and viruses reproduce by dropping a reproductive cell within your body called a spore. These spores just sit, rest, and 5-6 weeks later the spore becomes a new worm. Antibiotics and herbs cannot eliminate the spores. That is why you have great difficulty finding a permanent elimination of worms and parasites using conventional methods. It's the spores that are creating the problem.

Worms, viruses and parasites are highly intelligent organisms. They are designed to multiply and survive and they live in all parts of your body. They penetrate the membranes of your brain. That's why your thinking can become quite fuzzy and unfocused. They can adjust their vibrations to your body's vibrations. They can live on your blood. They eat up all the good vitamins and minerals within you leaving you highly deficient, even when you take vitamin and mineral supplements.

I make a group of vibrational essences called Choming Essences that are quite different from anything else available on the market today. They have been able to eliminate the spores of parasites, worms, viruses, infectious bacteria, as well as candida. For more information please visit my Website at www.mkprojects.com or contact me at mary@mkprojects.com.

The Effects of Worms on Your Emotions and Thinking

Worms and parasites can have a direct effect on your emotions and your ability to think clearly. They can be the direct cause of depression, irritability, emotional swings, confusion, fuzzy thinking, the inability to concentrate, and restlessness.

Many people today are infected by a blood worms and parasites. These infections can cause mental and physical depression. This depression often disappears once the blood worms and parasites have been eliminated.

Children and Parasites, Worms and Viruses

Children are often infected with worms, viruses and parasites in the same manner as adults. Children can be infected with worms through their mother's milk. I believe that a lot of colic and other difficulties being experienced by children today is the direct result of parasites, worms and viruses as well as food sensitivities. Children are

easily infected by pets. Whenever you see a dog or cat licking a child remember, it may have been licking its anus an hour earlier or sticking its nose into something full of worms and parasites.

Worms Secrete Toxins - Poisons

Worms and parasites can live in your body for many years and you can go on for many years without experiencing any difficulties. Eventually as a person ages, they will lose energy and can experience many of the symptoms mentioned earlier in this article. Because our Universe is filled with chemical and metals poisons and many other toxins, and international travel, people are being infected at a much higher rate than ever before.

These invaders secrete toxins and as the infection increases the body has a more difficulty eliminating these toxins and the individual ends up with a lot of accumulated poison in their body. This clogs up their systems. Smoking, drinking alcohol, junk food, white sugar, drugs, and chemicals in food, metals, leaves poisons in our bodies. When you combine these with toxins from parasites, worms, and viruses, it's easy to understand how our bodies just begin to wear down.

Cancer and Parasites, Worms and Viruses

This is quite a controversial topic. I personally believe that much of what we call cancer today is caused by worms parasites and fungus. As the worms, parasites or fungus multiply and get denser in the body, the organs and systems can no longer function normally. The chemistry of the body changes completely, and the cells begin to behave and multiply abnormally.

For more information about getting rid of your worms and parasites with Choming Essences please visit my Website at www.mkprojects.com or contact Mary Kurus, the owner of Choming Essences at mary@mkprojects.com or 613-733-2856. Prices for services and products can be found under Pricing on her website.
